Key Points

01/18/19 - 01/24/19

Friday

- Another much weaker storm system will bring valley rain and mountain snow to far northern CA. Minor impacts to travel due to the snow. Winds gusts 45 to 55 mph could damage power lines and trees. Moderate coastal flooding with significant beach erosion is likely today across southern CA.

Saturday

- Dry conditions across the state except for precipitation over the northern coastal areas with no significant impacts. Weak Santa Ana possible across southern CA.

Sunday

- Another round of precipitation over northern CA. Locally heavy rain possible. Snow may impact travel over the Sierra and gusty winds will accompany the weather system on Sunday.

Monday-Thursday

- Dry conditions across the state. Gusty offshore winds may develop Tuesday.
